

Local Issues GRC Assistance Request Form

The Redondo Beach Chamber of Commerce has the ability to take positions on a variety of local issues affecting the business community. Many of these issues are introduced by the Redondo Beach City Council to set policy for City governance. In order to ensure important issues are given as much thorough evaluation as possible, in advance of any decision-making, the Chamber has created a process for reviewing and assessing how issues will be selected for advocacy. Except for very unique circumstances that would prevent this process from being utilized due to unplanned or unexpected situations, this form will be used as a guide for the Local Issues GRC advocacy.

Name: _____

Business Name: _____

Address: _____

City: _____ Zip: _____

Phone: _____ Fax: _____

Email: _____ Web: _____

Type of Business you wish to conduct in Redondo Beach: _____
