Mayor Aspel to Meet with Business Leaders at Annual State of the City Event

REGISTER TODAY AT WWW.REDONDOCHAMBER.ORG

The Redondo Beach Chamber of Commerce will host Mayor Steve Aspel’s Annual State of the City Breakfast on Tuesday, February 16, at the Crowne Plaza Redondo Beach & Marina Hotel.

The State of the City Address is the single most important overview of the past, present and future of Redondo Beach.

Check in time begins at 7:00 a.m. Please contact the Chamber at (310) 376-6911 or www.redondochamber.org for ticket.

Chamber Sets 2016 Strategic Initiatives for Business Advocacy

1. Revitalization of Commercial Corridors
   The Redondo Beach Chamber of Commerce will support efforts to improve our commercial corridors and promote building our local economy. We will help efforts to revitalize our waterfront by supporting the efforts of CenterCal to update and improve the Pier, and support efforts of AES to develop a long-term plan for their property. The Chamber will also work to champion efforts for responsible development to the Galleria and Riviera Village, as well as the PCH and Artesia Corridors to help enhance and beautify our city’s commercial hubs. We will also advocate for the moderniza-

Continued on pg. 6 “2016 STRATEGIC INITIATIVES”
Regional Business Groups Vote to Support Waterfront Revitalization

The entire community understands the importance of CenterCal’s Waterfront Revitalization proposal to our local economy. Following the release of the 6,500 page Draft Environmental Impact Report (DEIR), CenterCal provided a presentation on their plan to the South Bay Association of Chambers of Commerce (SBACC). SBACC is a group of 17 South Bay chambers that take positions on federal, state, and regional issues.

Following the presentation on the proposed project, the SBACC board unanimously voted to support the proposal. Many of the members remember a time when Redondo Beach was the top destination in the South Bay. Something that was a great positive influence for the local economies and businesses of our surrounding cities. The regional economic impacts of the waterfront revitalization are significant and have the regional business community taking notice.

The local Redondo Beach economy benefits greatly from a thriving tourism industry. This industry helps support essential city services including public safety, street improvements, and parks. Having the support of our regional partners shows that Redondo Beach has the right plan for revitalization.

This action falls on the heels of the Chamber Board of Directors voting to make revitalization of commercial corridors as our top public policy initiative. The public review process for the DEIR ended on January 19. The next step in the process is to go before the Harbor Commission, and then on to the City Council.

This proposal not only modernizes and revitalizes the Redondo Beach waterfront, but also makes major environmental improvements to our coastal waters. This win-win for the environment, residents and the business community makes this project an easy support vote for the organizations that have become involved. The project is set to have a broad and diverse coalition of support from local and regional businesses, environmental organizations, labor unions, and most importantly residents of the local community.

Chamber to Host Student Business Leader for a Day

The Redondo Beach Chamber in partnership with the City of Redondo Beach will facilitate the Student Business Leader for a Day Program on March 24, 2016.

More than 100 Redondo High school students participated last year and four scholarships were given to the winners.

The Purpose of the program is to enlighten students with the idea that entrepreneurship is an attainable goal. Starting a business may be hard, but there are resources available to assist and the Chamber is here to help point interested parties in the right direction. The program was created to help students weigh the pros and cons of developing, owning and operating a business in Redondo Beach.

Students who participate in the program and write a business plan will qualify to win a scholarship. Four scholarships will be awarded from the Redondo Beach Chamber, and our members.

The Chamber wishes them all the luck and hope they join the chamber once their businesses are up and running!

You Can Help!
The students will receive a swag bag at the lunch on March 24, if your business would like to donate items for the swag bags, please contact the Chamber at 310.376.6911

“REGIONAL BUSINESS” continued from pg. 2
Revised Double-Pay Holiday Bill Back for Senate Vote

On January 27 the California Assembly passed a Redondo Beach Chamber of Commerce-opposed bill that requires double the “regular rate” of pay for work on Thanksgiving.

AB 67 (Gonzalez; D-San Diego) passed the Assembly 43-32. The bill unfairly targets two classifications of employers, increases their costs, and creates a competitive disadvantage by forcing employers to recognize Thanksgiving as a “family holiday” and compensate all employees with double the regular rate of pay for work performed on that day.

A previous version of the bill failed to pass the Assembly last year. Redondo Beach Chamber remains opposed to the amended version of AB 67 because the bill:

Discriminates Against Two Classifications of Employers

AB 67 now targets only two industries—retail store and grocery store establishments—to force them to pay double the “regular rate” of pay on a “family holiday,” defined as Thanksgiving. Any other employer that opens on Thanksgiving can continue to pay its employees minimum wage.

Creates Competitive Disadvantage for California Employers

AB 67 unilaterally increases the cost of doing business only for employers that have a “physical store” in California, thereby automatically placing them at a competitive disadvantage with online retailers and out-of-state businesses that would not be subject to this costly mandate.

Out-of-state employers that sell their merchandise online still could do so under AB 67 without the increased cost, yet a California-based employer could not.

Employees in These Industries Generally Receive Higher Compensation for Working on Thanksgiving

Many “retail store establishment” employers surveyed confirm they voluntarily pay their employees time-and-a-half for work performed on Thanksgiving.

Despite this general industry standard of higher compensation, AB 67 seeks to increase these employers’ costs even further by mandating double the “regular rate” of pay. If these targeted employers change their behavior and open at 12:01 a.m. on the Friday following Thanksgiving, employees will lose out on the extra compensation they currently are receiving for work performed on this day.

Regular Rate of Pay and PAGA Enforcement

AB 67 does not require double payment of the employee’s hourly rate, but rather double the employee’s “regular rate” of pay. The dif-

Redondo Beach Chamber Supports Petition to Move California Water Fix Forward

The Redondo Beach Chamber of Commerce has joined a robust coalition of citizens, labor unions, family farmers, businesses, local governments, water agencies, public safety officials, infrastructure groups, taxpayer associations, community groups, and minority advocates to strongly urge the State Water Resources Control Board (Water Board) to approve the joint petition by the California Department of Water Resources and the U.S. Bureau of Reclamation in support of the California Water Fix.

The Chamber has been advocating for reliable water resources for several years. Most accurately, we have been strong supporters of the Bay Delta Conservation Plan (BDCP). As part of that initiative, we asked the Water Board to act urgently to approve the petition in order to protect the health and water quality of the Delta, while securing water supplies for nearly 2/3 of our state’s homes, farms and businesses.

The Chamber and our partners in the Californians for Water Security coalition pointed out the active efforts of those who are urging continued delays and inaction. Failure to act in support of this petition, or further delays, will only result in continued degraded water quality and further environmental decline in the Delta, while jeopardizing our state’s water security.

The California Water Fix has endured nearly a decade of extensive expert review, planning and scientific and environmental analysis by the state’s leading water experts, engineers and conservationists, and unprecedented public comment and participation. It is the only viable plan.

We understand that the Water Board’s robust process for comment and public hearing. We are working diligently to move the process forward and look forward to working with the Water Board to expedite the permitting process.

The Chamber knows we must act to fix our aging water distribution infrastructure. California’s water security can’t wait. ■
On January 19, 2016, The Waterfront proposal hit another benchmark. That was the last day to comment on the Draft Environmental Impact Report (Draft EIR), which was released in November 2015. As you may already know, the Draft EIR concluded that there are only two significant operational impacts that can’t be fully mitigated. One is the tsunami risk, which exists today and would exist with any project due to the project’s proximity to the water. Second is noise, which is a result of a potential increase in ambient noise in one area in the south from more people accessing the long-underutilized pier and harbor area.

For the complexity of this project and its location, the fact that the proposed project results in only two significant and unavoidable environmental impacts is indeed remarkable.

Now that the comment period is over, the City’s experts are working on reviewing and responding to all comments made by the community and other stakeholders in addition to revising the document as necessary. After this process is completed the City will release a Final EIR.

The Final EIR will go before the Harbor Commission in late spring along with other applications for the proposed project. It is important to note that the process for the proposed project is no different from any development subject to the California Environmental Quality Act (CEQA). This process ensures that every component and potential impact is thoroughly reviewed and where possible mitigated before the proposed project can move forward.

We look forward to continuing our work with the community during the rest of the environmental review process and beyond. If you have any questions in the upcoming weeks and months, feel free to email us at info@thewaterfrontredondo.com.

Tip of the Month from Your Health & Wellness Committee

February is National Heart Month

Heart palpitations, or a feeling like your heart is fluttering is not a symptom to be ignored, even if it lasts seconds. Although usually nothing to worry about, it could represent a more worrisome diagnosis such as atrial fibrillation. Atrial fibrillation develops with advancing age, and is not uncommon affecting 1 in 5 individuals over 80 years old.

Unidentified atrial fibrillation is a risk factor for stroke, so be sure to seek medical attention for palpitations, especially if two or more of the following apply to you:

- A history of high blood pressure, diabetes or stroke.
- You’re a woman or older than 65.
- You’ve been diagnosed with heart disease or peripheral arterial disease (blocked arteries in your legs).

Chamber Offers Free SCORE Counseling
Get FREE Local Mentoring for your Business

Are you looking for information to start a new business?

Are you interested in a loan to finance your business?

Do you need a little help managing your business?
If you answered yes to any of these questions, you should meet with a SCORE counselor at the Redondo Beach Chamber of Commerce. Why?

SCORE stands for Service Corps of Retired Executives. Their mission is to provide professional guidance and information, accessible to all, to maximize the success of America’s existing and emerging small businesses.

SCORE’s parent organization, the national SCORE Association founded in 1964, is a nonprofit organization dedicated to entrepreneur education and the formation, growth and success of small businesses nationwide.

SCORE is a resource partner of the U.S. Small Business Administration.

SCORE counselors are available on Friday mornings by appointment only to see anyone who needs help starting or running a small business.

SCORE services are always free and you are welcome to use them as much as needed. ■

To make an appointment, call Mara Santos at 310.376.6911 ext: 24 or e-mail at Santos@RedondoChamber.org

“2016 STRATEGIC INITIATIVES” continued from pg. 1

tion of the California Environmental Quality Act (CEQA) to improve land use development projects in Redondo Beach. The chamber will also promote programs to help minimize homelessness and help individuals that have mental health issues.

2. Aerospace
The Redondo Beach Chamber of Commerce will work to support legislation that ensures keeping aerospace jobs in the South Bay. The Chamber will continue to be a champion for the Los Angeles Air Force Base (LAAFB) and promote collaboration such as a formal P4 partnership to help keep the base off the Base Relocation and Closure (BRAC) list. The chamber will fight to make sure the spending cuts through sequestration do not have negative impacts on our local aerospace companies such as Northrop Grumman that work to fulfill national defense contracts.

3. Small Business
The Redondo Beach Chamber of Commerce will work with city hall to ensure that Redondo Beach has the friendliest business climate possible. We will advocate for public policies at the local, state, and federal levels that will help small businesses thrive, grow and flourish, and will actively oppose public policies that are overly burdensome and onerous on the small business owners of Redondo Beach including taxation, wage laws, and litigation abuse. The Chamber will work to introduce public policy that promotes tourism, which helps support many of our local small businesses.

4. Infrastructure
The Redondo Beach Chamber of Commerce will continue to support policies that attract investment in our community including the creation of available office space, as well as housing stock for the workforce of Redondo Beach’s businesses. We will support funding to improve the transportation infrastructure and movement of goods throughout our region. We will continue to advocate for improvements to public transit to and from Redondo Beach, as well as Transient Oriented Development that promotes the use of our public transportation. We will champion the modernization of LAX, and infrastructure improvements to the port complexes in the San Pedro Bay. The Chamber will also support improvements to infrastructure that provide affordable and reliable access to water, energy, and other essential services such as broadband.

5. Economic Development
The Redondo Beach Chamber of Commerce will continue to promote Career Technical Training and Workforce Development to ensure we have a skilled workforce for key industries such as Healthcare, Advanced Manufacturing, and Transportation. The Chamber will partner with our local community colleges and Workforce Investment Network to bring collaboration between the business and education communities. ■
LA Air Force Base in the South Bay And LA Air Force Association Foundation

The Los Angeles Air Force Base (LAAFB) is one of the largest employers in the South Bay, directly providing over 5,000 jobs. Surprisingly, only 25% of the LAAFB workforce is actual members of the Military according to the 61st Air Base Group’s Commander, Colonel Donna Turner, who is in charge of all base support operations. The remaining 75% of the workforce is comprised of Department of Defense Civilians and Contractors.

The base indirectly creates over 11,000 jobs as a result of the aerospace cluster effect and in fiscal year 2013, assessed the overall economic impact of the LAAFB in the South Bay to be nearly $1.7 billion. The LAAFB has a tremendous impact on one of the most important job clusters in our region.

The LA Air Force Foundation

The LA Air Force Foundation was chartered in 1974 by Lieutenant General Kenneth W. Schultz, USAF, and Mr. Edward A. Stearn. The Chapter name was changed to GENERAL BERNARD A. SCHRIEVER LOS ANGELES CHAPTER 147 in September of 1987.

The General Bernard A. Schriever LAAFB Foundation was officially chartered with four goals in mind. To create and sustain a broad acquaintance with the thinkers, planners, and doers of the aerospace fraternity; to support local youth organizations and the community objectives of Space and Missile Systems Center personnel in the surrounding neighborhood; to participate in recognition of achievements of Space and Missile Systems personnel, and finally to join in convivial activities honoring this prestigious Air Force organization.

The Redondo Beach Chamber salutes and honors all of our military personnel and appreciate their service to our country.

Continued on pg. 8 “BEACH CITIES HIRES”
The 38th Annual Redondo Beach SUPER BOWL SUNDAY 10K/5K Run/Walk Costume Contest encourages runners and walkers of all ages to dress-up in costume for a chance to win great prizes sponsored by King Harbor Association.

Race schedule:
6:00 am – Registration opens
7:00 am - Costume Contest/Judging**
7:30 am - 5K Run/Walk
8:15 am - Baby Buggy 10K
8:30 am - 10K Run

One of the features of the race is the always entertaining costume contest, a tradition for the past three decades. King Harbor Association sponsors this popular contest and awards for best male and female costume and best group costumes and this year, best celebrity costume!

Prizes are donated by several King Harbor area businesses and the King Harbor Association will also be giving out prizes including cash and trophies. Below are a sampling of prizes donated last year.

Progressive-Style dinner at some of the best waterfront restaurants in King Harbor including BaleenKitchen, Blue Water Grill and R10 Social House
- Breakfast, Brunch or Lunch at Captain Kidd’s, Quality Seafood and Polly’s on the Pier
- Chartered Sail with South Bay Sailing
- Sport fishing trip with Redondo Sport Fishing
- Kayak and Pedal Boat Rental with Fast Kayak
- SUP Rental with Tarsan SUP
- Whale Watching Excursion aboard the Voyager

**Participants can sign-up for the costume contest prior to the race by 6:45AM and judging begins at 7:00AM. Redondo Beach’s Mayor Steve Aspel will be the MC again this year!**

KING HARBOR ASSOCIATION is a proud sponsor of the Redondo Beach Super Bowl Sunday 10K/5K.

“DOUBLE PAY” continued from pg. 3

Because AB 67 provisions are included in Section 511.5 of the Labor Code, they are subject to the Private Attorneys General Act (PAGA; Labor Code Section 2698 et seq.). Good faith errors in calculating the regular rate of pay or failing to comply with other AB 67 provisions would subject California employers to another threat of litigation.

Determining the regular rate of pay of many employees requires a detailed calculation that goes beyond an employee’s hourly pay. As defined by the Division of Labor Standards Enforcement (DLSE), the “regular rate of pay includes a number of different kinds of remuneration, for example hourly earnings, salary, piecework earnings, commissions, certain bonuses, and the value of meals and lodging,” according to the DLSE enforcement policies manual.

The bill now heads to the Senate for policy committee hearings.

“BEACH CITIES HIRE” continued from pg. 7

including multiple medical residency honors for excellence; a Distinguished Service Award for “Outstanding Medical Service to the South Bay” from Los Angeles County; a Civic Award from the City of Redondo Beach for “Medical and Paramedic Services” (1985-1992); and a Certificate of Commendation from the City of Hermosa Beach.

During his 31-year career, Dr. Kim also worked as Director of Whitlow Emergency Medical Group and served as Partner and Chief Financial Officer for South Bay Family Medical Group. He acted as Advisor to the Academy of Health and Fitness at Redondo Union High School (1995-1997), in addition to serving as an executive committee member for the South Bay Hospital and on the for South Bay Independent Physicians.
