Chamber Takes Action with 2017 Strategic Initiatives

Every year, the Government Relations Council sets priorities for the public policies the Chamber will proactively promote. These are approved by the Board of Directors and serve as the Chamber’s Strategic Initiatives.

This year, the Chamber will focus on public policy that helps promote the following priorities:

1. Infrastructure
   The Redondo Beach Chamber of Commerce will continue to support policies that attract investment in our community including the creation of available office space, as well as housing stock for the workforce of Redondo Beach’s businesses. We will support funding to improve the transportation infrastructure and movement of goods throughout our region. We will continue to advocate for improvements to public transit to and from Redondo Beach, as well as Transit Oriented Development that promotes the use of our public transportation. We will champion the modernization of LAX, and infrastructure improvements to the port complexes in the San Pedro Bay. The Chamber will also support improvements to infrastructure that provide affordable and reliable access to water, energy, and other essential services such as broadband.

2. Aerospace
   The Redondo Beach Chamber of Commerce will work to support legislation that ensures keeping aerospace jobs in the South Bay. The Chamber will continue to be a champion for the Los Angeles Air Force Base (LAAFB) and promote collaboration to help keep the base off the Base Relocation and Closure (BRAC) list. The Chamber will fight to make sure the spending cuts through sequestration do not have negative impacts on our local aerospace companies such as Northrop Grumman that work to fulfill national defense contracts.

3. Small Business
   The Redondo Beach Chamber of Commerce will work with city hall to
CHAIR’S MESSAGE

By Ann Garten
Chair of the Board

Why We Oppose Measure C

Our Redondo Beach waterfront should be our City’s pride and joy, and an economic generator for our tax base via the seaside businesses. However, the wear and tear and steady deterioration of the harbor, pier and parking structure has taken a toll on this former jewel of the South Bay.

Our waterfront area was built in the 1960s and ’70s. The plaza was completed in the 1980s. These structures are 40, 50 and 60 years old! Like anything more than a half-century old, our waterfront is currently in need of significant repair. Our city leaders, pier businesses and most residents are well aware of the need to address the issues with Seaside Lagoon, the pier, bike and pedestrian path circulation, compliance with water quality standards, a rising sea level, and the multiple elevation changes that negatively impact our waterfront today.

The much-needed renovation, if the City has to pay for it, will cost Redondo Beach taxpayers nearly $200 million dollars. So how can we possibly make the necessary improvements without the Redondo Beach taxpayers having to foot the bill?

Enter CenterCal, a local developer with a smart and attractive vision for our waterfront; and a pledge to invest their own money (not taxpayer money) into the project! Revitalizing our waterfront continues to be one of the Chamber’s two priorities because it will bring economic vitality to our city, and the redevelopment will increase profits for existing businesses and attract new businesses to a safe, solid and vibrant waterfront.

Imagine the charm of our existing businesses in an entirely refreshed environment, the addition of new restaurants and shops, a Public Market and acres of new open space—not to mention the additional tax revenue to the City, estimated at $6 million annually—all at no cost to Redondo Beach taxpayers.

The Redondo Beach Chamber of Commerce supports CenterCal’s plans for revitalizing our waterfront. We are opposed to Measure C, because Redondo Beach taxpayers should NOT foot the $200 million cost for revitalizing the waterfront!! Vote NO on C!

Cash Mobs are Coming!

One of the many initiatives that the Chamber is involved in, is to continue to encourage our community to support our local businesses. The Chamber’s Economic Development Council is organizing a number of cash mobs that will take place throughout the City of Redondo Beach that will have a definitely positive impact for the local businesses. And, we all get to have fun at the same time!

WHAT IS A CASH MOB?
A cash mob is a group of people who assemble at a local business to make purchases. The cash mobs are promoted by everyone and encourage fans to visit a particular business on a specific day and time. People are invited to participate through everyone making multiple purchases at the same time, greatly helping to support the local businesses.

Cash mobs create an appealing visual in that there are a lot of people in one location at the same time, sparking immediate human curiosity. This causes passer-by’s to want to stop and find out what are the excitement is about! Once they do, it becomes irresistible to join in the fun and start buying.

WHO’S GETTING MOBBED?
The Chamber’s Economic Development Council has chosen Mystical Joy and A Basq Kitchen to launch the cash mob this year. The events are scheduled to take place on Friday, March 24.

WANT TO PARTICIPATE?
There are many more opportunities for businesses to participate. We encourage you to contact us to day and find out how you can be the target of a coming cash mob.

For more information, please contact the Chamber, 310.376.6911, ext. 24 or Santos@RedondoChamber.org and www.RedondoChamber.org

The RBCC&VB is proud to make Redondo Beach a better place to live, work, and play!
As the Master Leaseholder of the Redondo Landing for nearly thirty years (longer than Captain Monstad who built the Historical Pier), I have witnessed our Waterfront and Pier struggle. I have personally participated in countless prior City sponsored planning processes with Redondo’s elected officials, staff, residents, other Master Leaseholders and small business owners, and we have always agreed on one thing: the urgent need to generate a new wave of investment and reverse the obvious effects of years of neglect.

For thirty years, everyone agreed that doing nothing was our worst option, yet almost nothing has been done! While Neighboring cities reinvested, Redondo residents increasingly opted to shop and dine in those other cities.

This is not sustainable. It’s time to finally reinvest and make our locals proud to shop and dine in their own City once again. In the last five years, we have made unbelievable progress. Thanks to the leadership of our City Council, City staff, many residents, and CenterCal, we’re closer than ever to realizing our dream of a beautiful, revitalized Waterfront and Pier.

CenterCal (at the invitation of the City) has spent five years listening to concerns, discussing ideas, and creating a vision that works in today’s world, while honoring and reflecting our unique architectural heritage. CenterCal’s willingness to invest $400 million into this well-thought-out vision has already generated tremendous excitement and interest from other investors, who are now waiting to see what happens.

On January 31, 2017, our City Council demonstrated real leadership by approving The Waterfront lease agreement between the City and CenterCal. I commend the Council for their scrutiny and in-depth analysis of the agreement, and for ultimately approving a smart deal that will build the City’s tax base and benefit all residents for years to come.

As we look forward to the California Coastal Commission, we cannot forget the tireless work that has gone into this process, and must continue to make our voices heard. Ultimately, I am certain the entire community will come together, as it always does, to celebrate this amazing milestone in our city.

Don’t Let Knee Pain Keep You Down

My knees are killing me!

Millions of Americans are suffering daily from knee pain. In fact, it’s one of the most common things that sends folks to see their doctor. Bones, tendons, ligaments, and cartilage in your knees all have to work together to keep you upright, and an issue with any of those components can cause pain. Sometimes, the knee itself isn’t even the problem. A perfect knee can still hurt if your back, ankle, or hip aren’t functioning properly.

You can expect to have some aches and pains with vigorous exercise, changes in your routine, changes in the weather, and age-related wear and tear. When this pain becomes more frequent or doesn’t respond to standard treatments like ice-packs, heating pads, or occasional anti-inflammatory medicines, it’s worth telling your doctor about it.

Your doctor will examine your knee and might even get an X-ray or an MRI to investigate further. Your treatment will depend on what the doctor finds. While some patients may need surgery, most of the time your doctor will be able to start much more conservatively. Using techniques such as physical therapy, gait training, injections (steroids or synthetic synovial fluid,) or nerve ablations, many patients are able to control their pain significantly.

If your knee pain is starting to affect the quality of your life, let your doctor know. You might be surprised how easy it is to get some relief.

“Business Spotlight”

The Great Room, a “Trendy Family Place”

A great room is one room, typically in the center of a home, that combines the functions of several traditional rooms, such as the family room, living room, and study. Common in American homes since the early 1990s the high-ceilinged great room gave its name to an exciting new Redondo Beach restaurant that is designed to function as The Great Room for a whole community.

“If you are looking for a trendy family-friendly place without pretension and with a strong sense of community, then this is the place for you,” wrote Tony L. of Redondo Beach about the restaurant on Yelp.com. Founded by owner Philip Wen, The Great Room café celebrated its Grand Opening only three months ago, and the warmly positive reviews the restaurant has received from the very first are very gratifying to Mr. Wen. He and his wife, Soomi, and their dedicated staff work very hard to make The Great Room a place for everyone, and provide a fun and welcoming experience for each and every guest.

The Great Room has a hip, California contemporary look, and includes a new café, a relaxing lounge area, and game rooms designed to provide entertainment for younger guests and the still young-at-heart. “Fun needs to be for the whole family,” is a Great Room saying. And adults can watch a game, catch up on work, or catch up with friends, while their kids are having their own fun. They can relax without having to worry about keeping children from getting bored or cranky. For $10 per child ($8 for siblings), kids can find their own nooks to play in, with staff to supervise all activities. As another guest posted on Yelp, “Awesome place if you’re the dad that has to watch the kiddos while mom has a night out.” Mommy groups love it, too!

Philip and Soomi long had dreams of creating a wonderful social gathering place. They searched long and hard for a large venue, 6,000 square feet at a minimum, with at least 50 parking spaces, that would accommodate the welcoming community they envisioned. His business plan was for a restaurant with delicious food, a bright, contemporary interior, comfortable furniture, and a friendly ambiance, where families could come and enjoy themselves as if they were guests in a great, big living room. The menu is full of locally sourced favorites, from loaded scrambled eggs, burgers, burritos and pizzas to panini, pastas and grown-up dinners—the right mix for the classy but still informal setting.

The Great Room became very busy from the start, especially on Friday nights and weekends. The restaurant hosts birthday parties and other private events, and its calendar is filling up, so don’t wait to book your next party.

“We love our customers, and we invite all residents and visitors to come spend some time with us at The Great Room!” says Mr. Wen.

BALEEN kitchen

Dear Baleen Restaurant Guests,

We are currently making changes and updates to the iconic Baleen Restaurant. With these changes, comes the unfortunate aspect of having to close Baleen for a few months. We have moved our meal service and are serving the Baleen Menu in our beautiful Living Room, the focal point of Portofino Hotel and Marina. The work on the restaurant building is due to be completed on May 1, 2017. We are very excited to have you experience Baleen and know that the temporary location will be as special as our original.

Our commitment to impeccable service is our priority during this period.
